

Dear Educators, Students, and Families,

Thank you for your continued support in inspiring the next generation of innovators, problem-solvers, and leaders in STEM.

The Bison Regional Science Fair is more than a traditional science fair, it is a **hands-on STEM experience designed to build critical future-ready skills**. Students will engage with drones and Virtual Reality (VR), explore real-world applications across Manitoba industries, and develop essential competencies such as **critical thinking, problem-solving, creativity, collaboration, and digital literacy**.

This is where classroom learning transforms into **real-world innovation and** connecting students to meaningful pathways in agriculture, healthcare, engineering, environmental science, and skilled trades.

Final Reminder: Registration Deadline is March 27

- Students in **Grades 4–12** are eligible to participate
- **Grades 7–12 projects** may advance to the Canada-Wide Science Fair (based on eligibility)- ALL expenses paid by Bison !!!
 - Individual and team projects are welcome

Please check our website for more information. If you do not find the answer you are looking for, please email us as soon as possible—we are happy to help.

We encourage you to share this opportunity widely and ensure students don't miss out on this transformative STEM experience.

Thank you for being part of a community that is shaping the future through science and innovation.

Warm regards,

Dr. Bajaj

Bison Regional Science Fair Team
